

Autobag® 800S™ – Bagging system for extra-large bags

The new Autobag® 800S™ bagger is uniquely designed to provide enhanced productivity for large bag packaging applications up to 550mm wide. This system features a breakthrough bag opening technology that securely grips and holds the open bag in place, creating a large, square opening (up to 275 x 275mm) that allows for easy loading of large products and multiple items.

State-of-the-art engineering has resulted in a system that is inherently safe. The Autobag 800S eliminates the need for bulky guarding or devices required for safe operation. The unobstructed access makes loading ergonomic and improves operator throughput. This open design also makes the 800S highly compatible with Autobag and third-party counters, scales and infeeds.

When used with genuine Autobag pre-opened bags-in-a-box, the Autobag 800S ushers in the next evolution of high-quality, reliable and flexible large bag packaging, backed by the industry's most comprehensive engineering and field service network.

Markets Served

- Aerospace & Defence
- Clothes & Accessories
- Automotive
- Electronics
- Hardware & Fasteners
- Healthcare
- Hobby & Craft
- Toys
- Household Products
- Cosmetic Products
- Pet Products

Programmable pass-through up to 275mm for maximum flexibility

Simple bag threading for easy changeover to keep production lines running smoothly

Minimal guarding provides unobstructed access to the open bag

Features and Benefits

Extra Large Bag Sizes

Capable of running bags up to 550mm wide for bulky products and packaging multiple items into a single bag

High Quality Seals

Coordinated seal flattener for wrinkle free seals

Continuous Film Control

A sophisticated tension control unit centres and monitors the position of the film throughout the entire bagging process

Compact

Compact footprint minimises floor space requirement

Flexible

Easily integrates with automation equipment and existing production lines

Breakthrough Technology

Large, square opening allows for easy loading of large products and multiple items.

Easy Bag Changeover

Modular bag storage shelf speeds bag changeovers

Intuitive Interface

AutoTouch™ Control Screen accesses operator tutorials, help system, on-board diagnostics, data retrieval, and performance monitoring. It features menu or graphic-based selection options.

Optional Additions

- Rear Takeaway Conveyor
- Side Exit Takeaway Conveyor

Technical Information

Weight	300kg
Electrical	110/220 VAC switchable 50/60 Hz, 1,800 watts continuous, 20 amp
Air Feed	5 CFM/80 psi of clean, dry air
Pass-Through	Up to 275mm
Bag Thickness	35 to 100 µm
Bag Sizes	W 260 to 550mm L 260 to 910mm
Weight Capacity	Up to 4.5kg (with load shelf)
