## GeoTech® Mailbag Opaque, Mail Bag Film - MB

### BENEFITS

This three-layer co-extruded opaque film contains Recycled content and is part of our GeoTech® brand material. The material is manufactured with up to 68% pre-consumer recycled content and delivers good durability, which provide environmentally responsible packaging for all Fulfilment solutions.

The film is ideal for direct thermal transfer printing, removing the need to apply adhesive paper shipping labels, therefore retaining full recyclability of the material. The opaque composition offers privacy for mail order applications. This material is black on the inside, white on the outside and can be pre-printed in up to 8 colours.

Storage Store in a dry area, temperature should be between 10-30°C. Not to be stored in direct sunlight.

This product is capable of being fully recycled

### OPTIONAL FEATURES

- Integral Carry Handle
- Air Relief Hole
  - Full
  - Perforated
  - Butterfly
  - Prong Punch

### TYPICAL APPLICATIONS

Clothing

Footwear

Fashion Accessories

Pharmaceutical products

Giftware
