

Recycled Film - AirPouch

The Recycled Film is manufactured with up to 95% pre-consumer recycled content and delivers good durability.

The Recycled Film is part of the GeoTech family of films, which provide environmentally-responsible packaging solutions. The Recycled Film is a cost-effective alternative to other sustainable products when colour consistency is a secondary performance requirement.

This material is available in easily recognisable green shades for end-user awareness. The material will vary in colour between batches.

Recyclability

This product is capable of being fully recycled.

Storage

Store in a dry area, temperature should be between 10-30 C. Not to be stored in direct sunlight.
